

MODEL: 198-2

Description: Low pressure machine cutting torch for acetylene. Harris machine cutting torches are designed to handle all types of machine cutting applications. Rugged and dependable, these torches provide up to 200 mm cutting capacity. Harris machine cutting torches are available in two tube and three tube design for all fuel gases at pressures as low as 0.015 bar.

Features:

- Solid head for maximum strength.
- Standard 32 mm or 35 mm diameter barrel.
- All torches have inlet threads 9/16x18 UNF.
- One inlet connection for oxygen and cutting oxygen.
- 2 tube design with optional rack.
- Fuel Gas: Oxy-acetylene/Hydrogen
- Mixing System: Acetylene
- Style: 2 Tube
- Barrel: 32mm
- Weight: 1,30kg
- Length: 250mm
- Cutting Tip: 6290-VAX
