

## Model 825D-10-OX

**Description:** Single stage with two gauges.

**Typical Application:** Heavy duty cutting, heating and welding.

### Features:

Forged brass body for maximum strength, maximum inlet pressure of 230 bar, large Ø 70 mm diaphragm stabilizes working pressure, durable chromed bonnet, side entry (vertical optional).

- Capacity: Heavy Duty
- Stage: Single
- Gauges: 63 mm Steel
- Gas: Oxygen
- Certifications: EN ISO 2503
- Max Inlet Pressure: 230 bar
- Max Air Flow: 170 m<sup>3</sup>/h
- Delivery Pressure Range: 0-10 bar
- Delivery Pressure Gauge: 0-16 bar
- Supply Pressure Gauge: 0-315 bar
- Height: 148 mm
- Width: 132 mm
- Length: 188 mm
- Weight: 1.7 kg
- Pressure: 0-10 bar
- C<sub>v</sub>: 0.17
