

Model 842-30-LARC

Description: Single stage flowgauge regulator.

Typical Application: Light-medium duty MIG/TIG welding.

Features:

Maximum inlet pressure of 230 bar, smooth adjustment, with high precision, black bonnet and black gauge case.

- Capacity: Medium Duty
- Stage: Single
- Gauges: 63 mm Steel
- Gas: Argon
- Certifications: EN ISO 13918
- Max Inlet Pressure: 230 bar
- Delivery Pressure Range: 0-30 Lpm
- Delivery Pressure Gauge: 0-30 Lpm
- Supply Pressure Gauge: 0-315 bar
- Height: 210 mm
- Width: 58 mm
- Length: 200 mm
- Weight: 1.7 kg
- Pressure: 0-3.5 bar
- C_v : 0.07
